

Project Organization: Identity Project

Client/Project	Date
----------------	------

- PH** = PHASE
R = MILESTONE/ROUND
☐ = TASK

- ☐ Assign a project manager to the project.
- ☐ Send email to introduce project manager to client.
- ☐ Project manager schedules a kickoff meeting with client and other necessary team members.
- ☐ Add project to accounting software and schedule invoices.
- ☐ Create project in project management software (add SOW, schedule milestones, invite team members to project).
- ☐ Send initial invoice for project start.
- ☐ Receive payment for initial invoice.
- PH** **PHASE 01 RESEARCH & LOGO CONCEPTS:** The objective of this phase is to help our agency fully understand the client's target audience and competitive landscape. We also begin development of logo mood boards and concepts to help guide the design in future phases.
- ☐ Prepare for kickoff meeting by researching client's business, industry, and main competitors. Take notes. Bring notes to kickoff meeting.
- R** **KICKOFF MEETING:** In this meeting we will discuss the client's business, target audience, competitors, industry, and core values. This meeting typically requires one hour of time. Following the meeting, our designers will continue research on all items discussed in an effort to generate initial ideas for the client's primary logo design. If this conversation was done during initial project conversations, in this meeting we will review project scope to ensure all parties are on the same page prior to commencement of the project.
- ☐ Send Kickoff Meeting notes to client.
- ☐ Create a Pinterest board and gather logo ideas for mood boards.
- ☐ Use Pinterest ideas to create 3 mood boards for internal review.
- ☐ Critique mood boards with internal design team or art director.
- R** **ROUND 01 DELIVERY:** We will develop and present a minimum of 3 mood boards. Each mood board will be a single page collage of logo design styles extracted from other designs we find in our research.
- R** **ROUND 01 APPROVAL:** The client will provide feedback on the mood boards presented in Round 1.
- ☐ If necessary, make revisions to Round 1 mood boards based on feedback.
- R** **ROUND 02 DELIVERY AND APPROVAL (IF NECESSARY):** If necessary, we will create and present a revised mood board reflecting the clients feedback.
- ☐ Sketch 5 initial logo concepts based on client feedback from mood boards.
- ☐ Critique initial logo concepts with internal design team or art director.
- ☐ Put final 5 logos into delivery template in preparation for presentation.
- R** **ROUND 03 DELIVERY:** We will develop a minimum of 5 initial logo concepts for client review. The logo concepts will be ROUGH ideas and presented in either pencil sketch format, or black and white digital format. The objective is to develop some quick initial ideas for client feedback.
- R** **ROUND 03 FEEDBACK:** The client will provide feedback on the logo concepts provided in Round 3. The feedback will be implemented during Phase 02 of this project.
- ☐ Send client invoice as applicable in accordance with invoicing schedule.

- PH** **PHASE 02 PRIMARY LOGO DESIGN:** With the logo design direction established during Phase 01, we are ready to proceed with design of the primary logo. The primary logo will become the main identifier of the client's brand.
- ☐ Create 3 primary logo designs based on client feedback from Phase 01 mood boards and sketches.
- ☐ Critique primary logos with internal design team or art director.
- ☐ Put the critiqued 3 primary logo designs into the delivery template.
- R** **ROUND 01 DELIVERY:** Based on feedback from the logo mood boards and rough logo concepts, we will design a minimum of 3 proposed primary logo comp designs. In this round, the logo comps may include optional color palettes, or may continue to be in black and white format.
- R** **ROUND 01 FEEDBACK:** The client will provide feedback on the primary logo comp designs and select a final direction for continued refinement.
- ☐ Create 1 revised primary logo and alternate version options with different color palettes.
- ☐ Critique revised primary logos with internal design team or art director.
- ☐ Put the critiqued primary logo designs into the delivery template.
- R** **ROUND 02 DELIVERY:** We will implement the client's feedback from the initial designs and continue refinement of 1 logo design comp which will be presented to the client. This delivery round will also likely include color palette options if they have not yet been explored in previous delivery rounds.
- R** **ROUND 02 FEEDBACK:** The client will provide feedback on the files delivered in Round 2.
- ☐ Create 1 revised primary logo and alternate version options with different color palettes as necessary.
- ☐ Critique revised primary logos with internal design team or art director.
- ☐ Put the critiqued primary logo designs into the delivery template.
- R** **ROUND 03 DELIVERY:** We will implement the client's feedback from the Round 02 designs and continue refinement of 1 logo design comp which will be presented to the client.
- R** **ROUND 03 APPROVAL:** The client will approve the final primary logo design.
- R** **ROUND 04 DELIVERY AND APPROVAL (IF NECESSARY):** It is common that logo designs require more collaboration between the client and agency. If necessary, this project scope may include one extra round of logo design refinement. Any requests for additional design rounds, exceeding this optional round, may necessitate a modification to the estimated price of this project.
- ☐ Send client invoice as applicable in accordance with invoicing schedule.

Project Organization: Identity Project (cont.)

Client/Project		Date	
----------------	--	------	--

- ☐ PH = PHASE
☐ R = MILESTONE/ROUND
☐ = TASK

- ☐ PH **PHASE 03 SECONDARY LOGO DESIGNS:** With the primary logo approved, we are ready to develop all necessary secondary logos to create a family of logo designs. The full list of secondary logos cannot be determined at the time this document was created. However, it is expected that a logo family may require the following logo versions: vertical logo, horizontal logo, logo with and without text, black on white logo, white on black, and so forth.
- ☐ Determine what logo options are necessary for the secondary logos. It is expected that a logo family may require the following logo versions: vertical logo, horizontal logo, logo with and without text, black on white logo, white on black, and so forth.
- ☐ Create secondary logo options.
- ☐ Critique secondary logos with internal design team or art director.
- ☐ Put the critiqued secondary logo designs into the delivery template.
- ☐ R **ROUND 01 DELIVERY:** We will design the initial logo family which will expand the logo design into the design configurations anticipated. A full set of proposed secondary logos will be designed and presented to the client.
- ☐ R **ROUND 01 APPROVAL:** The client will approve the secondary logo design family.
- ☐ R **ROUND 02 DELIVERY AND APPROVAL (IF NECESSARY):** Most often, secondary logo packages are approved in one round. However, if the secondary logo designs require more collaboration between the client and agency, this project scope may include one extra round of secondary logo design refinement. Any requests for additional design rounds, exceeding this optional round, may necessitate a modification to the estimated price of this project.
- ☐ Send client invoice as applicable in accordance with invoicing schedule.

- ☐ PH **PHASE 04 LOGO FAMILY PRODUCTION:** The final logo designs for both the primary and secondary logos (i.e. logo family) will be exported into common file formats for delivery to the client. In this phase, we will clean up the logo files by converting text to outlines, removing stray design elements, converting color swatches to spot colors and other production refinements necessary to create clean files for delivery. The clean logo files will be delivered to the client in EPS, JPEG, PNG, and PDF formats.
- ☐ Convert fonts to outline for each logo in the family.
- ☐ Use Adobe Illustrator Pathfinder tool to break each logo down to simplest vector format.
- ☐ Export each logo from the logo family (primary and secondary logos) as a single file EPS, JPEG, PNG, and PDF.
- ☐ Create a folder and compress into .ZIP format for delivery.
- ☐ R **ROUND 01 DELIVERY:** All logos in the family will be delivered to the client in the file formats documented in the SOW.
- ☐ R **ROUND 01 FEEDBACK:** The client will confirm receipt of the final files.
- ☐ Send final invoice for project.
- ☐ Collect final payment from client.
- ☐ Archive project in project management software.
- ☐ Archive final project files on file server.
- ☐ Discuss the project internally. What went right? What went wrong? What should we change in our process?
- ☐ Reach out to client to inquire about future projects and/or referrals.
